Multiplus

DESCRIPTION
- Industrial protective glove.
- Supported PVC glove.
- 2 lengths available:
  - 270 mm (10.5 in) protection of wrist
  - 400 mm (16 in) protection of forearm.
- 4 sizes available: 8, 9, 10 and 11.

CHARACTERISTICS
- Fine gauge 100% cotton interlock knitted liner.
- Integral high performance synthetic (PVC/nitrile) coating.
- Double-dip granite finish for excellent grip properties.
- Anatomical shape with curved fingers and fluted fingertips.

PERFORMANCES
- Excellent resistance to many chemicals, including cutting oil, petrol and by-products, bases and acids.
- Excellent resistance to abrasion and tear.
- In compliance with the standards EN420 (general requirements), EN388 (mechanical hazards) and EN374 (chemical and microbiological hazards) by the Institut Français Textile-Habillement.
- Manufactured under EC quality assurance system carried out by the BSI body.

APPLICATIONS
- For all tasks involving mechanical and chemical hazards (cutting oil, fats, acids, alkalis, solvents).
- Maintenance, cleaning.
- Petrochemical plant, refineries.
- General intensive work in factories.
- For major risks.

This glove is certified to comply with the essential requirements of European Directive EEC/89/686 of December 21rst, 1989 relative to personal protective equipment submitted to CE type examination issued by a notified laboratory, who certifies the conformity of this glove with the EN standards to which it responds and certifies the performance levels obtained during tests, and manufactured under a CE quality assurance system carried out by a notified body.
