Multitop

DESCRIPTION

- Industrial protective glove.
- Integral synthetic coating on a textile liner.
- Anatomical shape with curved fingers and fluted fingertips.
- 2 lengths available:
- - 270 mm (10.5 in) protection of wrist.
- - 400 mm (16 in) protection of forearm.
- 4 sizes available : 8, 9, 10 and 11.
- Trade unit : 10 pairs, 90 and 60 pairs in a transit case respectively for 27 and 40 version.

CHARACTERISTICS

- Fine gauge 100% cotton interlock knitted liner.
- Coated by multilayer process :
- - grey coloured PVC integral base coating for mechanical protection.
- - superior orange coloured over-dip coating covering palm and fingers for chemical protection.
- Mechanical finish by microgranulation.

PERFORMANCES

- Excellent resistance to abrasion.
- Excellent chemical resistance to acids, alkalis, cutting oils, petrol and gasoline.
- Colored over-dip acting as a wear indicator.
- In compliance with the standards EN420 (General requirements), EN388 (Mechanical hazards) and EN374 (Chemical and Micro-organims hazards) by the Institut Français Textile-Habillement.
- Manufactured under EC quality assurance system carried out by the BSI body.

APPLICATIONS

- Ideal for intensive use in applications where there are severe mechanical and chemical hazards.
- CE3, for major risks.

This glove is certified to comply with the essential requirements of European Directive EEC/89/686 of December 21rst, 1989 relative to personal protective equipment submitted to CE type examination issued by a notified laboratory, who certifies the conformity of this glove with the EN standards to which it responds and certifies the performance levels obtained during tests, and manufactured under a CE quality assurance system carried out by a notified body.
